

YOUNG TECHNICIANS OF THE SANTAFE OPERA WORKSHOPS

HAND DRAFTING: FULL SCALE DRAWING FOR THEATER

MONDAYS, SEPTEMBER 9, 16 & 23, 5-7PM / CARPENTRY SHOP

The ability to hand draw projects serves as a great visual aid when talking to designers about the details of a project. During this 3-session seminar students will be given hands-on training on how to take a scaled drawing on a standard 8 ½ x 11 sheet of paper and the steps it takes to draw it in full scale using straight edges, templates, smudge sticks and many other invaluable tools.

LED BY MICHAEL CHEMYCZ

Lead Properties Carpenter for the Santa Fe Opera. Michael has worked for the opera for eight seasons. He holds a BA in Theater from University of California Santa Barbara and an MFA in Production Design and Technology from Ohio University.

FREE TO HIGH SCHOOL STUDENTS

ENROLLMENT IS LIMITED. RESERVE YOUR SPACE BY SEPTEMBER 5
